

The Evening World's and Welfare Association's City-Wide Series of Better Babies' Contests

Did Baby Win? the Question To-Day At Little Italy House in Brooklyn

nothing Doing at the Other
Scenes of the Inter-
esting Contests.

Others for miles around Little Italy
neighborhood House, No. 146 Union
street, Brooklyn, are to-day in a fever
of excitement, for to-morrow the
series of the babies winning prizes in
"a Better Babies' Contest at that in-
stitution by The Evening World and
the Welfare Association will be
made known. At 3:30 o'clock in the
afternoon all the babies entered to the
contest and their mothers (possibly a
few daddies, too) will assemble in the
neighborhood House to learn the result
of the judging. This much is now
known: Five babies have been deter-
mined upon by the judges as the prize
winners presented for examination.
And to them the bank accounts offered
the prize by this newspaper will be
awarded. Thirty-three babies will be
awarded certificates of merit. The
names of the lucky youngsters will not
be made public until the awards are
made.

During the exercises authorities on the
care of babies will address the as-
sembled mothers on scientific methods
of keeping their babies in health and
correcting such shortcomings as the
score cards may show in the cases of
individual infants. This should prove
a most interesting feature, for the
mothers of the neighborhood are ever
eager to produce standards of
health in their babies that will make

them contenders for the improvement
prizes that are to be awarded six months
hence to the babies showing the most
marked improvement over what the
score cards for the original examina-
tion showed.

Although Little Italy House holds the
center of the stage just now in the city-
wide series of Better Babies' Contests
there is plenty of activity at all the
other registration stations. At Warren
Goddard House, No. 248 East Thirty-
fourth street, judging the hundreds of
babies registered there and yesterday
with a rush. At the appointed hour
there were a score of beaming mothers
present with their offspring to watch

the little ones examined. Good progress
was made for an opening day and it is
expected that with the score of experts
retained for judging the work will be
completed in a short time.

At Greenwich House judging has been
finished and all hands are looking
eagerly for announcement of the day
upon which prizes will be awarded.
More important just now, however, is
the wave of earnest effort to improve
their babies' health that is sweeping
over the mothers of Greenwich Village,
many of whom are enthusiastic over the
suggestions they have received through
the judging score cards.

SOAP ON HAIR CAUSES DANDRUFF, SCALP GETS DRY, HAIR FALLS OUT

Girls! Get a 25 cent bottle
and try a "Danderine
Hair Cleanse."

After washing your hair with soap
always apply a little Danderine to the
scalp to invigorate the hair and prevent
dandruff. Better still, use soap as spar-
ingly as possible, and instead have a
"Danderine Hair Cleanse." Just moisten
a cloth with Danderine and draw it
carefully through your hair, taking one
strand at a time. This will remove dust,
dirt and excessive oil. In a few mo-
ments you will be amazed, your hair
will not only be clean, but it will be

wavy, fluffy and abundant, and possess
an incomparable softness and lustre.

Besides cleansing and beautifying the
hair, one application of Danderine dis-
solves every particle of dandruff; stimu-
lates the scalp, stopping itching and fall-
ing hair. Danderine is to the hair what
fresh showers of rain and sunshine are to
vegetation. It goes right to the roots, in-
vigorates and strengthens them. Its ex-
hilarating and life-producing properties
cause the hair to grow long, strong and
beautiful.

Men! Ladies! You can surely have
lots of charming hair. Get a 25 cent
bottle of Knowlton's Danderine from any
drug store or toilet counter and try it.

Neighborhood House. Two lectures on
the care of babies have already been
given and the last of the series, "The
Care of Sick Babies," will be given at
the Board of Health milk station, No.
208 Tenth avenue, next Friday afternoon.

INFANTILE PARALYSIS CLOSES HIGH SCHOOL

One Died at Laconia, N. H., After
All Had Used Sponge Out
of a Pail.

LAACONIA, N. H., Oct. 7.—The death
of Martin W. Burnham, aged seven-
teen, a member of the Laconia
High School football team, from in-
fantile paralysis, and the serious illness
from the same disease of Lewis M.
Hutchins, another member of the team,
caused the closing of the high school
to-day.

The football schedule for the remain-
der of the season was cancelled and
the team disbanded. Members of the
Board of Health are of the opinion that
the boys may have become infected
last Wednesday. On that day the La-
conia players refreshed themselves dur-
ing a regular game by sponging out
their mouths with water from an iron
pail. Hutchins was stricken the next
day. Burnham became ill Sunday, his
case running a swift and fatal course.

FUSIONISTS TO MAKE LIVE CAMPAIGN ISSUE OF FIGHT ON SULZER

John A. Hennessy to Take
Stump With "Inside Story of
Impeachment," It Is Said.

While Tammany, hoping that the
Sulzer impeachment trial will end this
week, is planning to eliminate it as a
factor in the municipal campaign, the
Fusionists intend, if possible, to keep it
in the public eye right up to election
day.

John A. Hennessy, Sulzer's chief in-
vestigator and political adviser, will al-
most certainly take the stump for the
Fusionists. The report came from Al-
bany. Robert Adamson, campaign man-
ager for the Fusionists, says no definite
offer has been made, but he believes
Mr. Hennessy will appear. His denied
another report that George W. Perkins
had been active in arranging for Mr.
Hennessy's appearance in the campaign.

It has been proposed that Mr. Hen-
nessy give his version of the whole
Sulzer case from start to finish, in the
strong Tammany sections of the town,
such as the east side and Brownsville,
where the pro-Sulzer sentiment is very
strong and is causing the Tammany
leaders uneasiness. It is possible, too,
that one large meeting will be ar-
ranged at Carnegie Hall.

The Fusionists are jubilant over a
letter from Martin W. Littleton, who
may take the stump for Mitchell.
Mr. Littleton writes that he had hard
work making up his mind whether to
work for McCall or for Mitchell, and
says:

"On the other hand, we have Tam-
many Hall.
"Take the organization from top to
bottom and there is not in it one single
thought of continuous good govern-
ment, but instead there is the one sin-
gle abiding thought and purpose of
building up the organization, making
its members prosperous out of the of-
fices which it controls and the many
ways in which these offices can be used.
"If Judge McCall should be elected
and should disregard the will of the
people until it casts him out, and
if he does do it, it will turn him
down because the doing of it bidding
will destroy him in the public esteem."

Headquarters have been opened in the
Hotel Bristol for William H. Wadhams,
the Fusion nominee for the Court of
General Sessions. Bronson Winthrop is
chairman of Judge Wadhams's cam-
paign committee, and Henry Birrell
will manage the campaign.

NEW YORKER IS HELD UP.

Police of Garfield, N. J., are looking
for two men who early on Sunday
morning held up Henry Fusco of No.
257 Bleecker street, Manhattan, and
robbed him of some money and a \$40
diamond ring.

Fusco had been visiting relatives and
about midnight he was walking toward

a trolley line in a dark locality when
the masked and armed men jumped out
of some bushes. They took his wallet
and ring and were about to leave when
he asked them for car fare to Man-
hatten.

"Well, here's a half dollar," said one
as he tossed the coin at Fusco. Then
they hurried away.
Fusco went back to the home of his
relative and spent the night.

CROSS, FEVERISH, SICK CHILDREN NEED "CALIFORNIA SYRUP OF FIGS"

Look, Mother! See if the
tongue is coated, which
denotes sluggish liver
and bowels.

Your child isn't naturally cross and
peevish. See if tongue is coated; this
is a sure sign its little stomach, liver
and bowels need a cleansing at once.
When listless, pale, feverish, full of
cold, breath bad, throat sore, doesn't
eat, sleep or act naturally, has sour
stomach, diarrhoea, remember a gentle
liver and bowel cleansing should always
be the first treatment given.
Nothing equals "California Syrup of

Figs" for children's ills. Give a tea-
spoonful and in just a few hours all
the foul waste, sour bile and fermenting
food, clogged in the bowels, passes out
of the system and you have a well and
playful child again. All children love
this harmless fruit laxative and it never
fails to effect a good "inside" cleansing.
Directions for babies, children of all
ages and grown-ups are plainly on each
bottle.

Mother, keep it handy in your home.
A little given to-day saves a sick child
to-morrow, but get the genuine. Ask
your druggist for a 50 cent bottle of
"California Syrup of Figs." Then look
and see that it is made by the "Cal-
ifornia Fig Syrup Company." We make
no cheaper size. Don't be fooled.
